OXFORD COLLEGE

Dear, Sama Sayed Rajab Ahmed

Welcome To Oxford College.

The College Is Designed To Provide Consistent, High-Quality And Appropriate Academic Advising, Monitoring Nurturing And Coaching To Ensure Your Academic And Personal Success. We Believe That With All

Of The Support Services Available, Including Tutoring And Supplemental Instruction, No Student Should Earn

Any Grade Below A B. Even So, Your Academic Success Depends On How Well You Take Responsibility For Your Own Education, Including Taking Initiative To Achieve Academic Excellence. It Is Up To You To Take Advantage Of These Services As Soon And As Often As You Need Them.

To Assist In Your Transition To The College, You Will Be Assigned An Academic Advisor To Guide You To Your Destination Graduation. Based On Your Placement On The Accuplacer Test And Recommendations From Your

High School Counselors, You And Your Advisor Will Review And Sign A Contract Indicating What You Need To Do To Be A Successful And Competent Student. Your Assigned Advisor And Other Advisors In The College

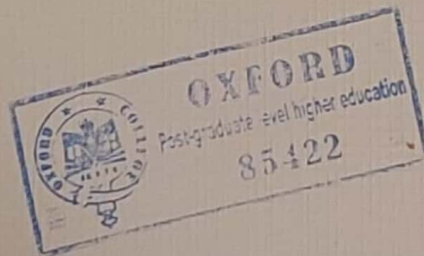

College Will Be Available To You On A Daily Basis. You Will Be Required To See Them At Least Once Each Week To Sign In, Talk With Them, And Provide A Writing Sample And Status Report During The First Eight Weeks Of The Semester. In Addition, Your Advisor Will Receive Regular Progress Reports From Each Of Your Professors For The First Eight Weeks Of Classes. We Want You To Be Successful And We Will Do All That We Can To Ensure That You Are Successful - But You Must Do Your Part As Well.

At The End Of Your Second Semester, You Will Take Part In A Comprehensive Assessment To Determine Your Level Of Competence In Nine Specific Areas, From Core Curriculum Course Content, To Personal And Social Development And Global Learning. The Assessment Includes The Collegiate Assessment Of Academic

Proficiency Test, A College Vocabulary Test, And Clearance Regarding Other Requirements From The Dean Of The University College. When This Is Successfully Completed, You Will Transition To The Department Of Your Major Discipline.

We Look Forward To Supporting Your Academic And Personal Success At Oxford College.

yours faithfully,

22 SEP 2024

OXFORD COLLEGE

CERTIFICATE

After the school discussion board meets and based on the decision
of the College council,

SAMA SAYED RAJAB AHMED

Degree awarded

Manturism Diploma

At its 1729\2024 meeting, on September 22,2024

He has completed all of the courses scheduled in the program, and has excelled
in all areas of learning, including time management, dedication and commitment
to the material provided, the timelessness of project submission and
contributions to others.

So he was accepted and granted this degree After he attended and participated
in the number of scheduled hours:

Theoretical study: 200 hours # Discussion study:200 hours #
practical study: 60 hours # after passing the tests,
submitted the graduation project and received an evaluation: **Excellent #**
ON

Note that this professional certificate is only a set of professional programs
and is subject to terms and conditions.

With all the rights, honor and privileges of the application and the requirements
of this degree. In the certificate, we put our hand and poster college seal.

CERTIFICATE ID: 3059e85

Nationality: Egyptian

OXFORD COLLEGE

STAGE 2

MONTESSORI NORMALIZATION

As observation is the chief role of Montessori guide, This module is considered a Deep dive Module into Normalization Stages, How to observe them and How to have a curve of concentration during observation Book of each child

AT THIS STAGE

- Adult learners will learn :
the importance of creating the habit of observation and will work to develop their ability to perceive subtly the social emotional, and intellectual needs of children
- They will gain :
working understanding of various observation techniques
how to interpret their observations to support the development of children

STUDENT HAD FINISHED

- 10 Theoretical hours
- observed and Reported 2 Montessori classes
- Attended 4 hours Live discussion

GRADE :Excellent

COLLEGE PRESIDENT

22 SEP 2024

OXFORD COLLEGE

STAGE 3

MONTESSORI NORMALIZATION

STAGE CONTENTS

Learners will develop an understanding of the importance of the Exercises of Practical Life as foundational to the development of

- self-confidence
- concentration
- independence
- order
- problem-solving
- social intelligence and responsibility
- the performance of everyday life skills

Instruction will be given on the presentation of the Practical Life exercises in the domains of grace and courtesy, care of self, and care of the community/environment

Adult learners will learn to present lessons in a manner that is developmentally attuned and engaging for the 3-6-year-old child

Emphasis will be placed on understanding how the Exercises of Practical Life can be adapted to serve the needs, learning style, and interests of the individual learner through careful and ongoing observation-based assessment

STUDENT HAD FINISHED

- 40 hours of recorded Module explanation
- Attend 12 hours of live discussion
- Design her own album of Practical Life Activities
- Perform and record 5 Practical Life activities

GRADE :Excellent

STAGE 4

SENSORIAL DEVELOPMENT

STAGE CONTENTS

Participants will develop an appreciation for the importance of the Sensorial area as a foundation for learning and an aid in the natural development of the child

Instruction will be given on the presentation of the sensorial materials for the refinement of the senses in the areas of:

- visual discrimination of size
- color
- and form
- tactile discrimination
- exploration involving the sense of smell
- taste

Adult learners will learn to give clear and precise lessons for matching, sorting, and grading the sensorial materials, and teaching sensorial nomenclature using the "Three Period Lesson"

Emphasis will be placed on understanding how these materials meet the individual needs of students and the use of observation skills to support the child's interest and needs as it relates to this area of the curriculum

STUDENT HAD FINISHED

- 40 hours of recorded Module explanation
- Attend 12 hours of live discussion
- Design her own album of Montessori Sensorial Activities
- Do a research on Sensory integration

GRADE: Excellent

OXFORD COLLEGE

STAGE 5

MATH DEVELOPMENT

STAGE CONTENTS

This course provides the foundations for understanding the child's process of developing mathematical concepts, beginning with concrete exploration and moving toward abstraction

The focus will be on supporting the development of the mathematical mind

Presentation of curriculum will include materials for exploring:

- numeration from 0 to 9,999
- place value
- linear counting
- the four operations
- memorization of math facts
- an introduction to fractions

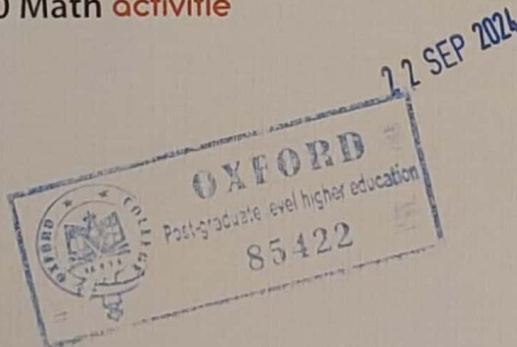

Participants will learn how to present the Mathematics materials and to observe and guide each child's progress toward abstracting mathematical concepts

STUDENT HAD FINISHED

- 60 hours of recorded Module explanation
- Attend 20 hours of live discussion
- Design her own album of Montessori Math Activities
- Perform and record 10 Math activities

GRADE : Excellent

COLLEGE PRESIDENT

OXFORD COLLEGE

STAGE 6

LANGUAGE DEVELOPMENT

STAGE CONTENTS

In this module adult learners will study the natural phenomena of :

- language development in early childhood
 - the child's sensitivity
- fascination with language

TOPICS

- oral expression
- age- appropriate visual and auditory perceptual experiences
- vocabulary development and enrichment
- phonemic awareness
- word-study
- beginning handwriting
- expressive writing
- lessons for teaching simple grammar or function of words

Adult learners will be made aware of the importance of developing a language rich environment for supporting emergent literacy

STUDENT HAD FINISHED

- 40hours of recorded Module explanation
- Attend 12 hours of live discussion
- Design her own album of Language Activities
- Design a Complete theme unit activities

GRADE :Excellent

COLLEGE PRESIDENT

OXFORD COLLEGE

STAGE 7

CULTURE DEVELOPMENT

A. Geography

B. History

C. Science

A. Geography

- The Montessori approach to geography allows children to learn concepts in a tactile, hands-on way
- Geography comes to life when it is presented in the way young children learn best

Geography is divided up into two strands:

- the physical geography of the earth
- the political geography that includes things like countries and their borders

STUDENT HAD FINISHED

- 15 hours of recorded Section explanation
- Attend 4 hours of live discussion
- Design her own album of Geography Activities
- Perform and record His/ Her own activities about a chosen country

GRADE: Excellent

COLLEGE PRESIDENT

22 SEP 2024

N4167141C

OXFORD COLLEGE

B. History

- History is the study of the past. It begins with the present and it looks at what has come before
- For the young child, sense of time can be quite difficult
- They have a hard time understanding yesterday and tomorrow, So Montessori primary curriculum is related to time and to let a child learn the time terms and the meaning of Past, Present, and Future

STUDENT HAD FINISHED

- 15hours of recorded Section explanation
- Attend 4 hours of live discussion
- Design her own album of Montessori History Activities
- Perform and record clock or timeline activity

GRADE :very good

C. Science

- Science in Montessori is known for introducing children to advanced topics in the early years, preparing them for a lifetime of discovery
- Topics range from how the world began to the basic principles of astronomy, botany, chemistry, physics, and zoology

STUDENT HAD FINISHED

- 15hours of recorded Section explanation
- Attend 4 hours of live discussion
- Design her own album of Montessori Science Activities
- Erform and record 5 Science activities

GRADE :Excellent

TOTAL GRADE: EXCELLENT
